People often talk about Patriot Pride.  
Students have it, coaches have it,  
teachers have it. Others see it.  
Patriot Pride becomes a part of you  
the first time you cry "Go Patriots!"

Through the past three years,  
we, the class of 1983,  
have grown a little older,  
but we have grown much  
closer.

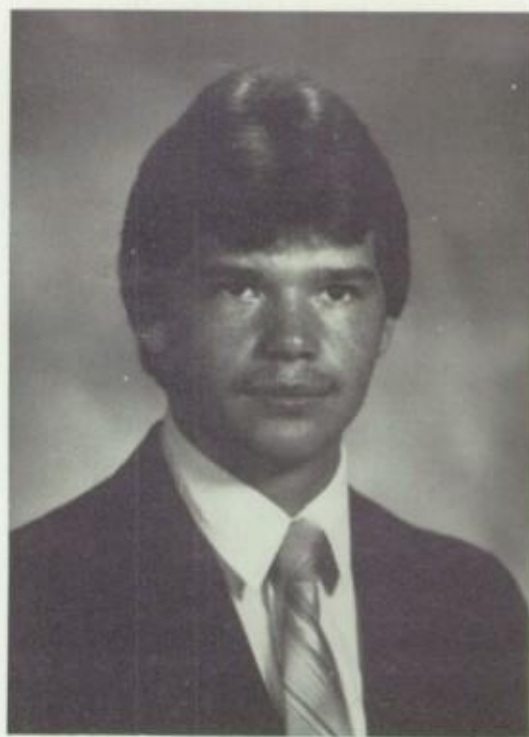

We have seen good times  
and bad times, and we

have shared many laughs here at Brewer.

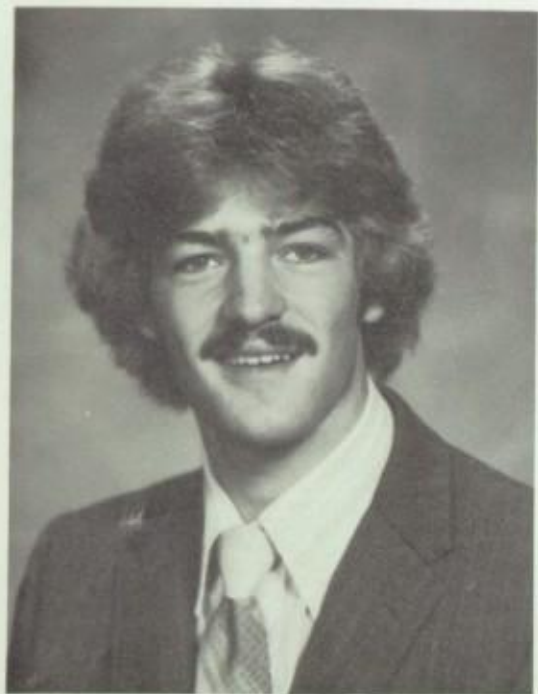

But, we owe it all to you, Brewer, and we want to say "Thank you for the memories. We will miss you in the years to come."

# FACULTY

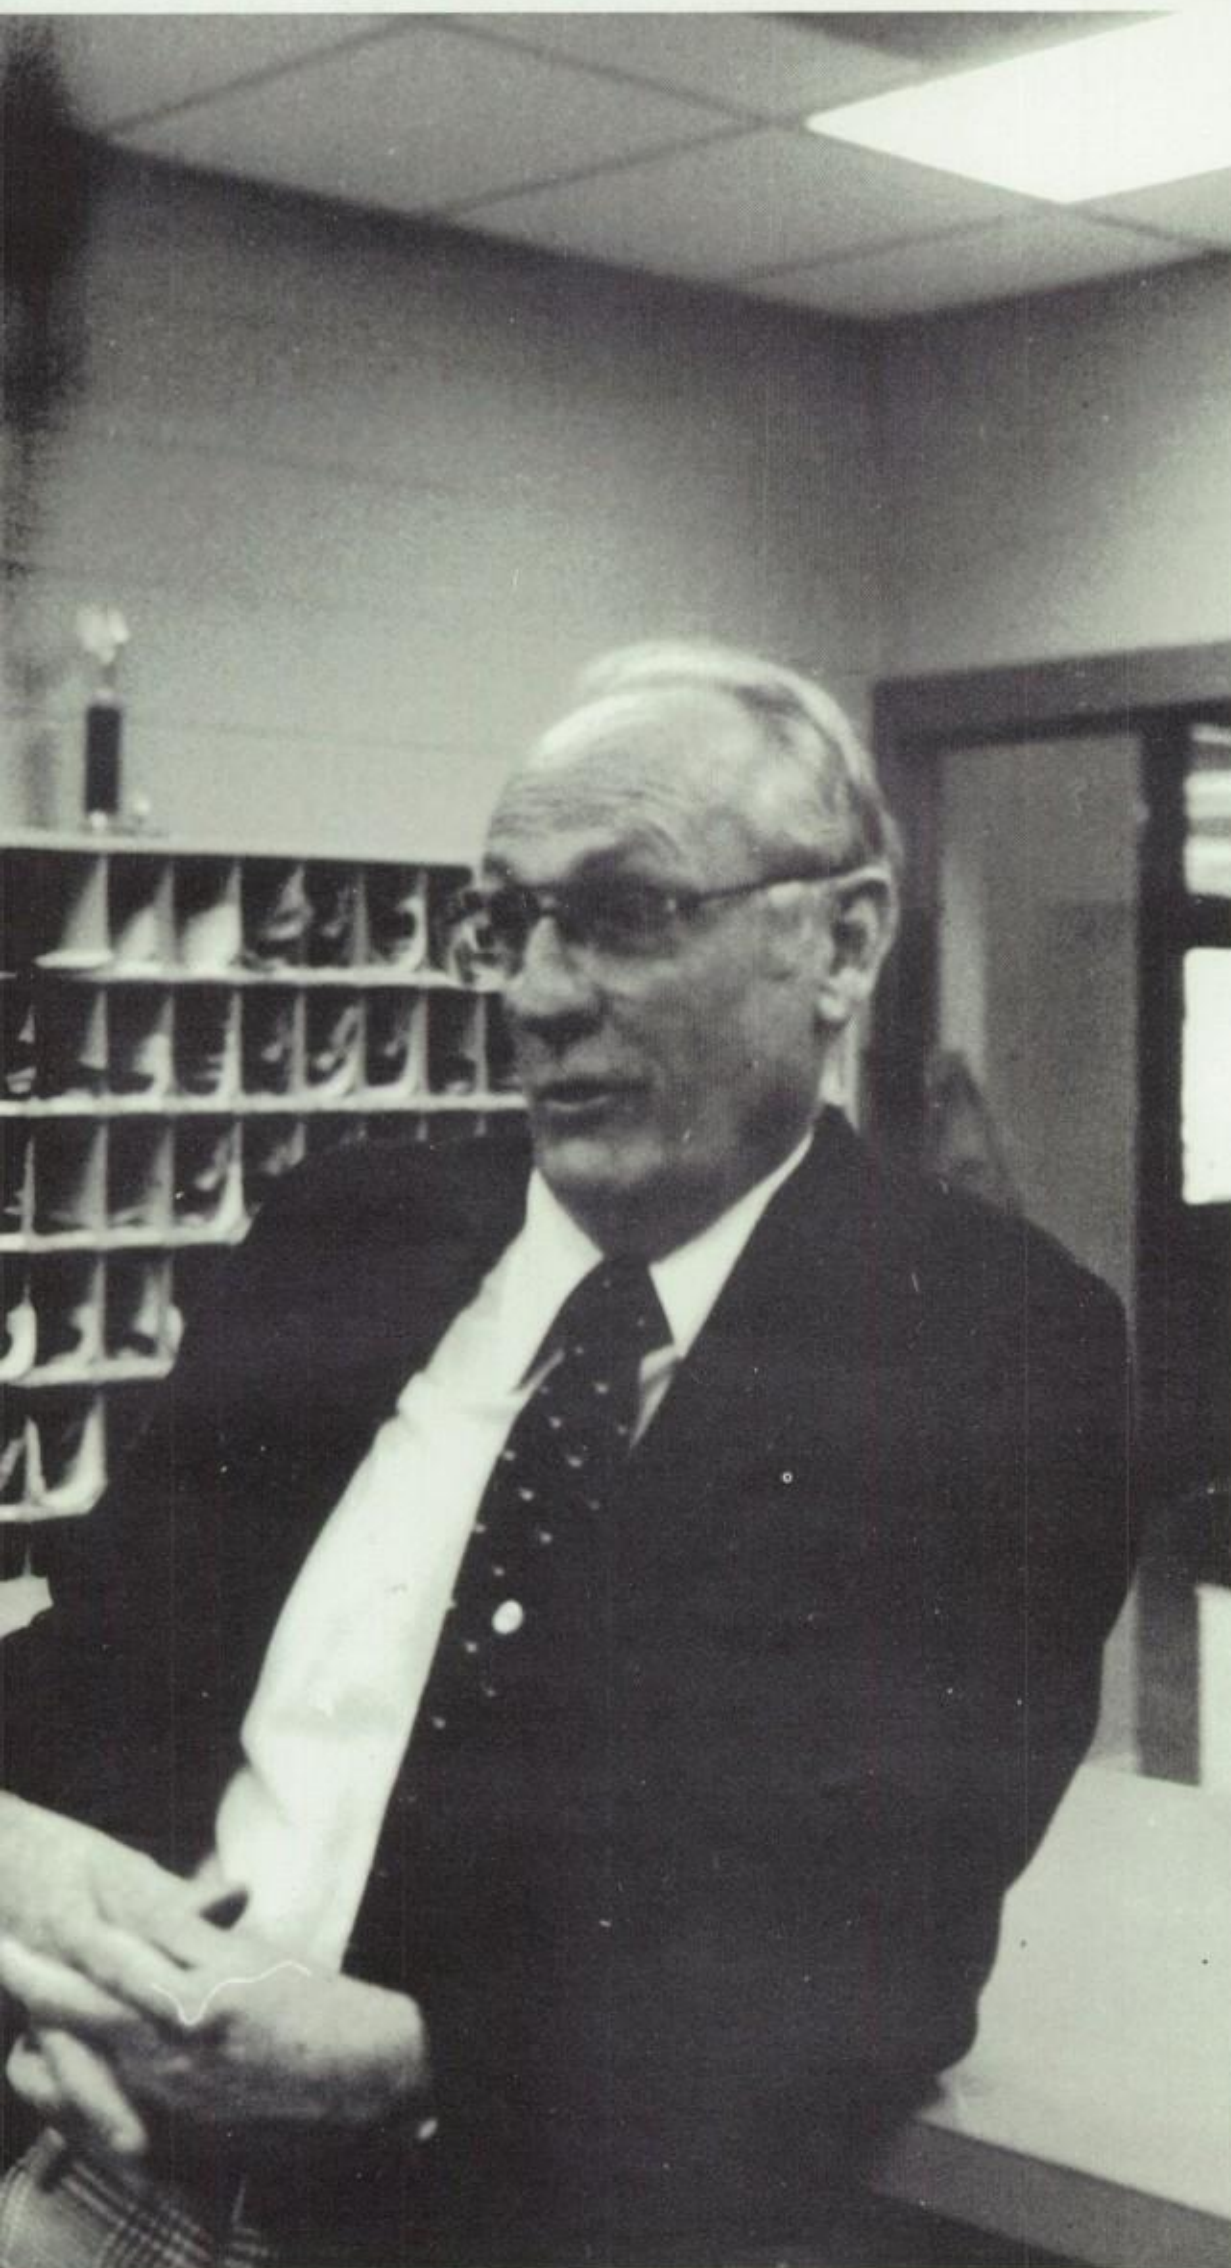

# TUCKER: YEARS OF DEDICATION

The student body, the faculty, and the annual staff of Brewer High School would like to take this opportunity to recognize our principal, James R. Tucker, for his numerous achievements, past and present. Mr. Tucker is an experienced and intelligent man who has contributed almost thirty-two years of his life to the field of education, twenty-eight of which he spent in the position of principal. We would like to thank him for his dedication to education and especially for the effort he has put into making Brewer one of the finest schools in Alabama.

Mr. Tucker graduated from Millry High School. From there he went to Livingston University, the University of Alabama in Tuscaloosa and finally to the University of Alabama in Birmingham. He had been teaching only three years when he was asked to become principal. Since then, he has become a man students and teachers alike can respect and admire.

Mr. Tucker is largely responsible for the quality and atmosphere of Brewer (although he refuses to take the credit). Before the school opened, Mr. Tucker, along with members of the faculty and student body, spent hours working on the grounds of the school. The direct result of this effort is the beautiful campus that Brewer has today.

Mr. Tucker is also largely responsible for the sense of pride that the students of Brewer feel. He instilled this pride, called "Patriot Pride," into the first graduating class and it has been passed along through the years so that it has become a part of the school's tradition.

One has only to look at the cleanliness, organization, and efficiency of the school to know that it is being run by a capable man. Once again, thank you, Mr. Tucker.

# ADMINISTRATION

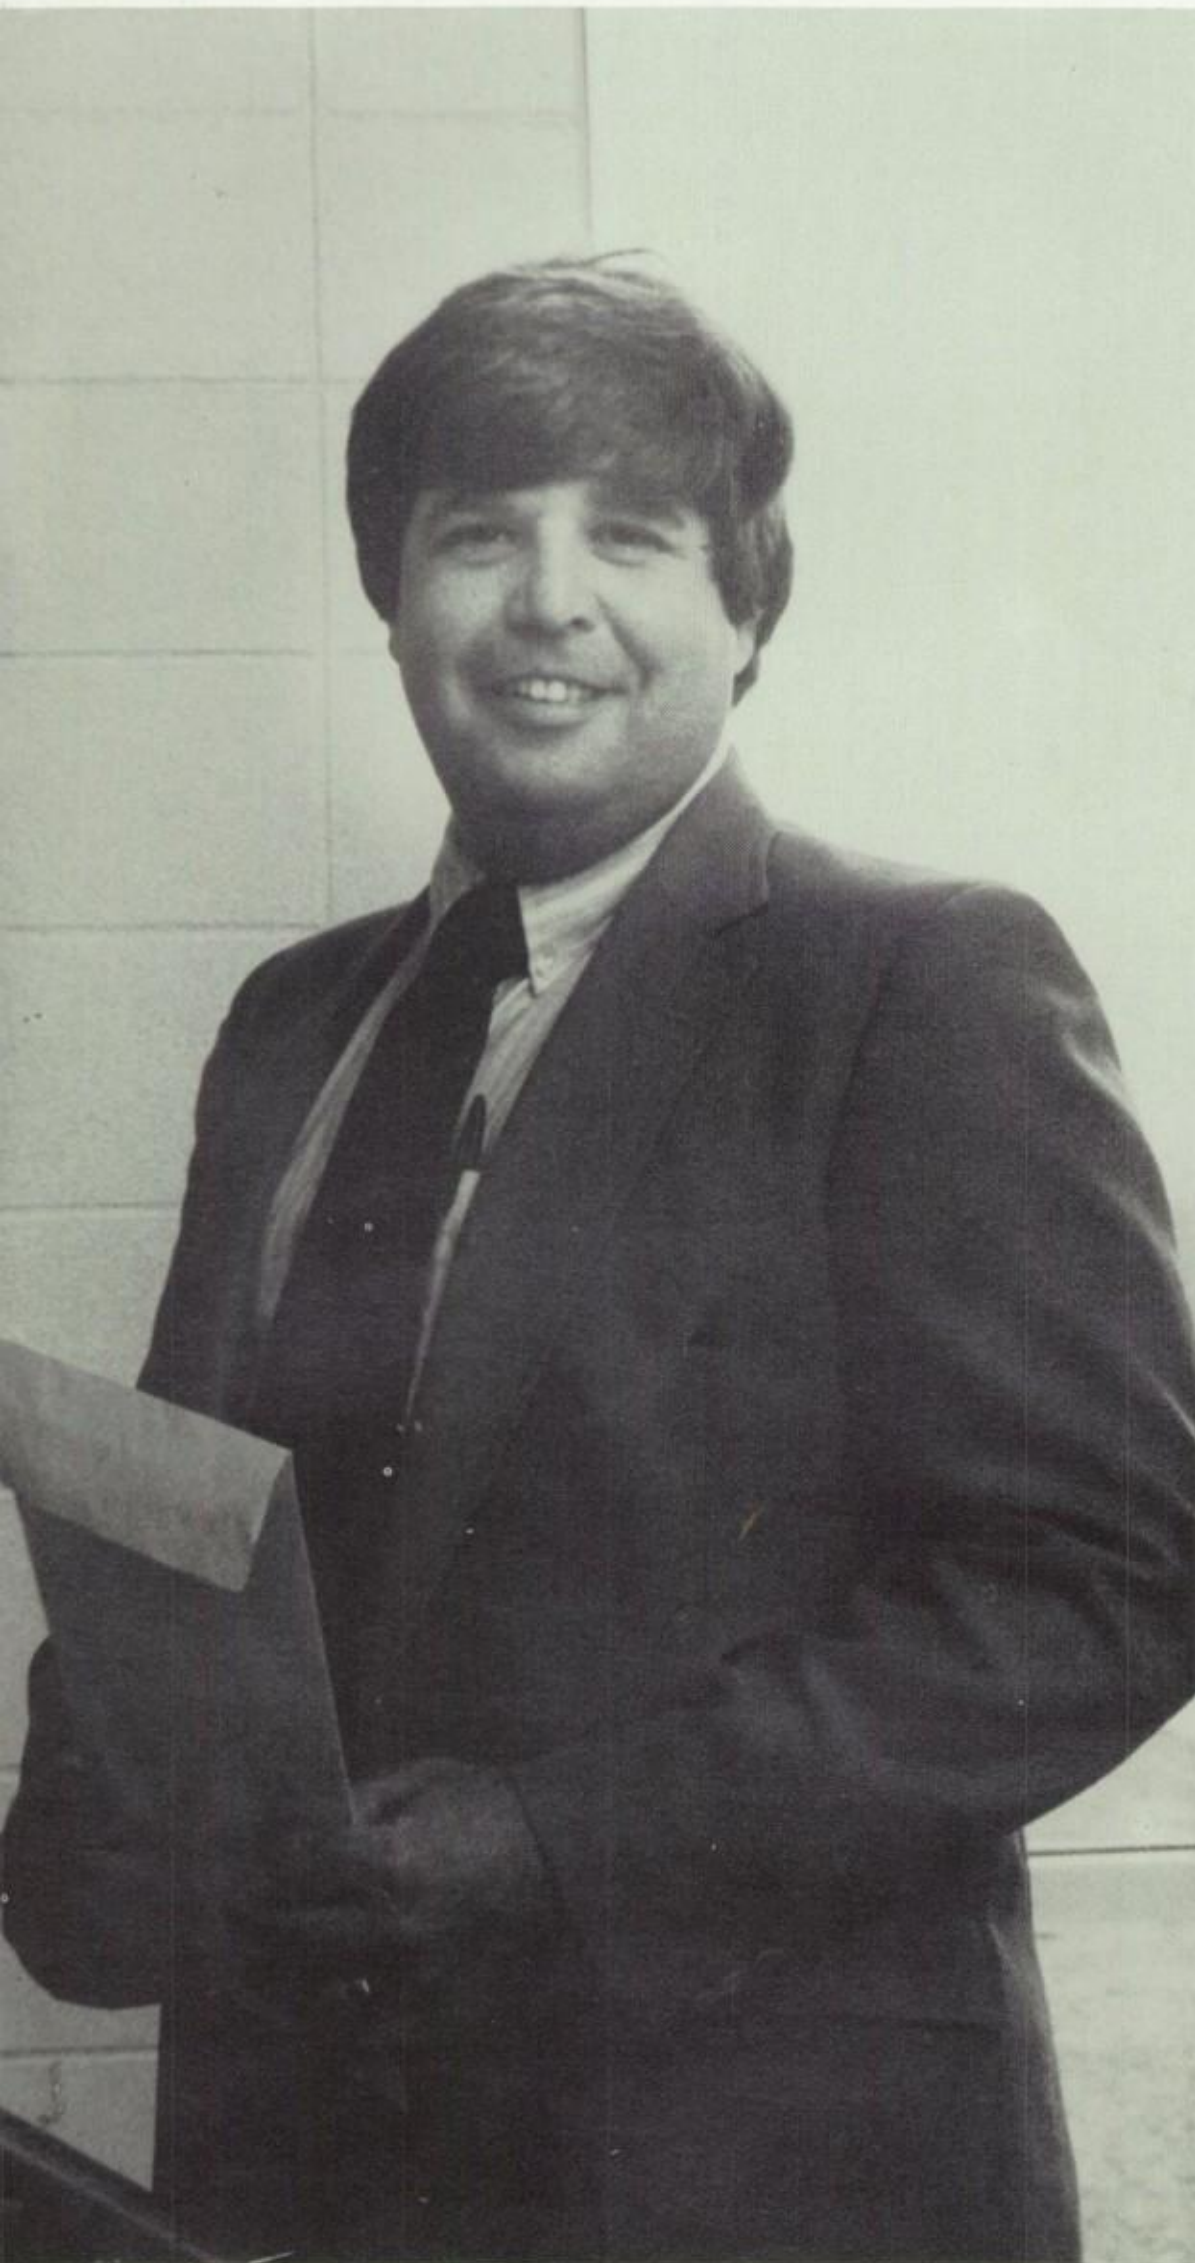

## Vocational Director David McAnally

Mr. McAnally is a graduate of Cotaco High School. He continued his education at Auburn University, Alabama A&M, and finally, the University of Birmingham. Mr. McAnally's teaching career began at Union Hill, the year before Brewer opened. He came to Brewer as the Vocational Counselor and is now the Director of the Area Vocational School.

Mr. McAnally handles schedules, class assignments, and matters which concern the vocational program. He is largely responsible for the efficiency with which Brewer is run.

## Assistant Principal Bill Sims

The Assistant Principal of Brewer High School is Mr. Bill Sims. Mr. Sims graduated from Decatur High School in 1962. From there, he continued his education at Florence State University, now the University of North Alabama. He then attended the University of Mississippi where he earned his Master's degree; and he finished his education with an AA certificate from the University of Alabama in Birmingham.

Mr. Sims has been involved in education for sixteen years. He spent seven years at West Morgan as a teacher of democracy, economics, and civics before coming to Brewer. Mr. Sims has been at Brewer for nine years, and he has contributed a great deal to the administration of the school. Mr. Sims is a caring and responsible man who deals with students on a personal level and as a result has gained their respect.

The Distributive Education Clubs of America offer a student the chance to develop qualities of responsibility, leadership, and competitiveness while experiencing on-the-job training. Students attend regular morning classes and work in the afternoon. The skills these students learn are tested annually in district and state competitions. This year, DECA sent 24 students to district competition and 18 of those (pictured below) advanced to state competition, held in Mobile, April 15-17.

The DECA chapter at Brewer sponsors a number of events. Members of the club contribute to the management of the school store, help sell the very popular Senior shirts and give their employers an appreciation banquet. DECA also sponsors a T-shirt booth at the Spring Festival and participates in the annual flea market held at the Southeastern Sports Center — in Priceville.

# Senior National Honor Society

The National Honor Society is a select group of students whose membership is based on scholarship, community service, leadership, and character. This group sponsors one of the most important dances of the year, the one that is held after the first football game. NHS also sponsors an assembly program to welcome new members into the club. A tea for the teachers was given during American Education Week. The club sponsored a paper and can drive as a service project; the money earned was used to help in the restoration of the Morgan County Courthouse at Somerville. The project won the chapter the "Involvement Award" at the NHS Convention which was held at Bradshaw High School, March 25-27. The participation of the students at Brewer made the project the success that it was.

At district competition, the band received three ones. The band had to play under unusual circumstances. On the day before competition, Mr. Crawley was injured in an auto accident. Mr. Crawley asked a friend to cover and direct the band for him. Mr. Tom Sipes and the band played that Saturday with determination. Congratulations to the band, who did a great job. # SPRING

As everyone knows, the Spring Festival is one of the major money-making projects during the school year. Our clubs sponsor various activities at the festival. The Science Club sponsored the flea market. Students who brought items from home got a free day out of school. Bringing an item for the flea market was not the only way to get a free day; students could sell fifteen chicken dinners, bring three items to the bake sale, or a \$25 prize for bingo. The success of these fund raisers was dependent upon student involvement.

1) Picking out the right plants can be a tough decision. 2) Kathy Borden is watching over the flea market. 3) Richard Creel, Alvin Murphy, Carey Smith, Tim Hodson, Brian Creel. 4) Many unique items were for sale at this year's craft's exhibitions. 5) Miss Huggins works at the concession stand during the festival.

Faculty and staff members supported the Spring Festival 110%. Teachers spent many hours after school working on the activities. All of the money made is used to improve the quality of education at Brewer High School.

Not only did they finish the season with a 7-3 record, but they also captured the Tri-County Championship in its first year of existence. # The Talent, But Not the Touch

Joe Bennich/Hartselle Enquirer

The Patriots did have the talent, but not the touch. The Patriots 10-17 record for the 1982-83 basketball season can be deceiving because the Patriots showed their ability to win in pressure situations. When it came to tournaments, the Patriots seemed to excel in winning.

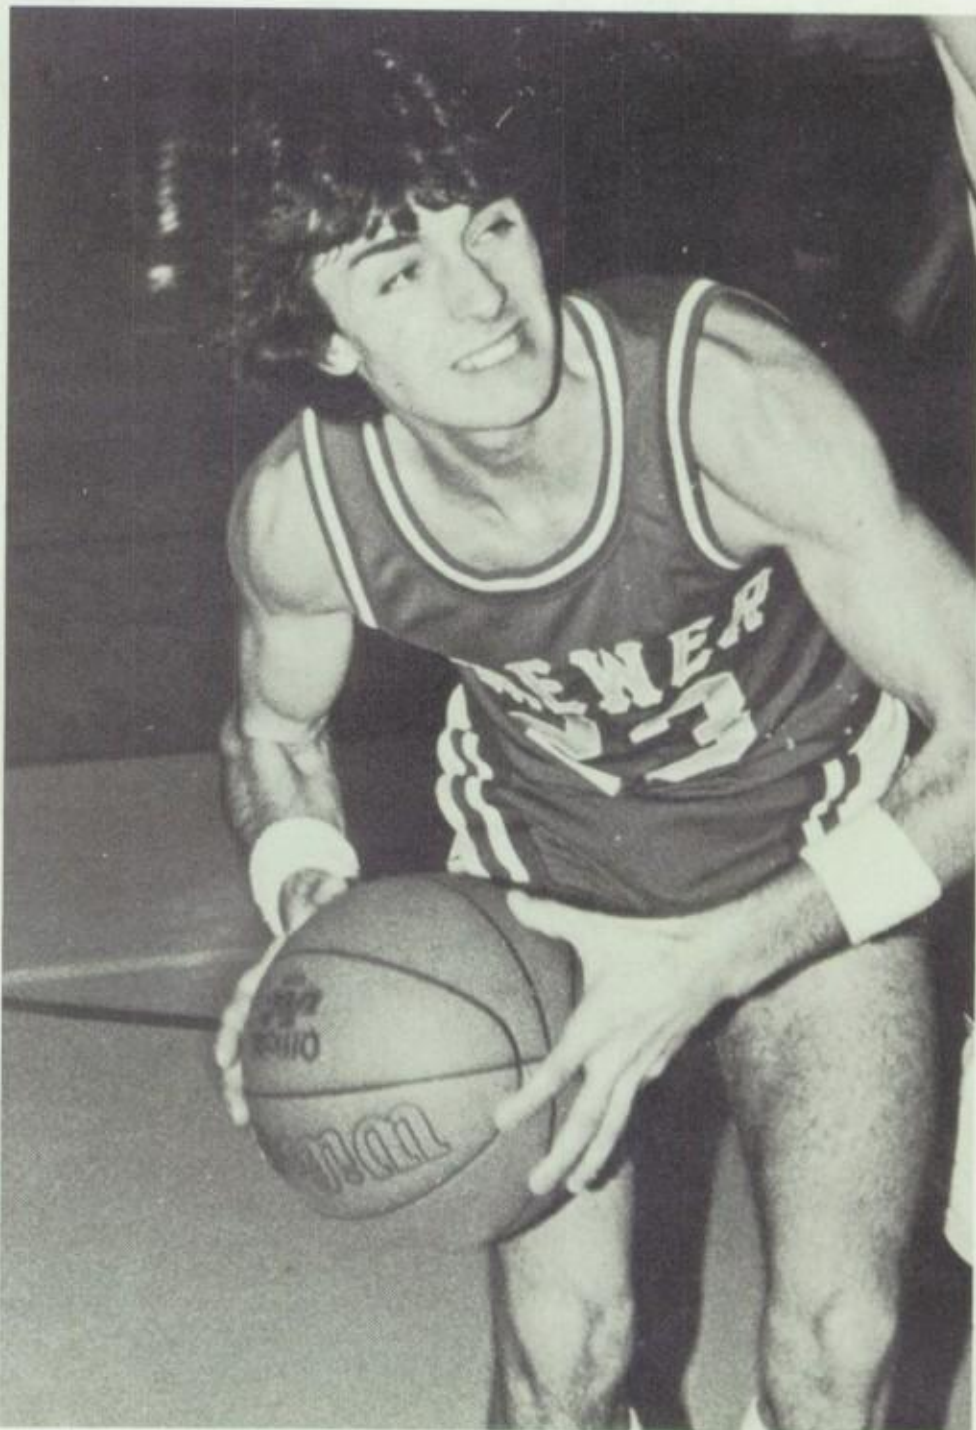

They won first place in the Cullman Thanksgiving tournament by defeating West Jefferson.

The Patriots also captured first place in the Hartselle Christmas tournament by defeating Hartselle. The coaches voted Donnie Flack Most Valuable Player for his outstanding performance during the Christmas tournament. Larry Sharpley, Gary Borden, and Tim Toney were selected All-Tournament.

The Patriots placed second to top-seeded Austin in the county tournament held at Danville. The coaches voted on the players who contributed the most throughout the season: Larry Sharpley and Donnie Flack were chosen All-County from Brewer.

To the girl in my life who has made my  
life complete. When I met you the first time  
at the dance I thought it would be like all  
the other girls I met. But when I had to get  
out of the car that night I really wanted  
to see you again and then for the next night  
and the rest of the week all I could think  
about was you and I couldn't even sleep because  
I was wondering what you were thinking  
and if you were thinking of me. I know  
I loved you when I first met you and my  
love for you has been growing ever since.  
I enjoy the minutes we share when we  
can be free to laugh and joke and  
just feel and say what we want. Our  
openness and honesty are very imp-  
ortant to me and our relationship will  
always be as open as it is now where  
we can talk through anything. I  
love you very much is what I  
really want to say and I will  
not be happy until we can spend  
day and night together with no one  
to tell us we can't

Love ya  
always

 have to much luck with the quip. but didn't get  
 alot of sleep thanks to that we had a bad
